

Quality and Security Policy

The Management and Staff of Infinite Security Solutions are committed to the security of our employees, customers and assets by providing customized risk assessment services for various Land and Maritime Industries in a manner that complies with national, international laws and regulations by consistently meeting customer requirements to increase customer confidence, improve the internal processes effectiveness and to maintain a competitive advantage.

To achieve this policy we will:

- Operate In accordance with the International Code of Conduct for Private Security Service Providers.
- Aim to meet and exceed customer services and delivery expectations at all times.
- Every employee and contracted consultant has a duty to report any unusual observations, practices or persons that could pose a security risk in where we operate.
- Every employee and contracted consultant whose work may have an impact on security, will be trained and held accountable for complying with the policy and related procedures, practices, instructions and rules.
- Regularly review operational practices to continually improve the effectiveness of the integrated quality and security management system and consistency in our services.
