

CLOSE PROTECTION

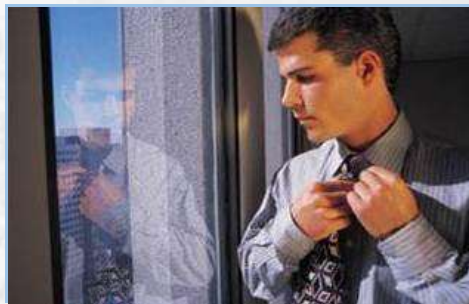

Infinite Security Solutions (ISS) offers Maritime and Land Protection (including Maritime Escort Services). ISS, with its qualified and experienced Security personnel, can provide Close Protection Teams (overt or covert) for Land-based and Maritime Asset / Facilities (worldwide).

With the global footprint ISS offers cost effective close protection for VIP's, high profile individuals, high value individuals, high value assets, asset transiting high risk areas, families, wives and children. Linked (or not) to our K & R policies our risk assessments phase of any task land or maritime identifies the possible threats, analyses the risks and proposes the options for a solution.

Our teams comprise of both male and female operators depending on the task, the location and the client and the service includes Route Security (Passage Plan) and Location Risk Assessments, Planning and Implementation. ISS understands the importance of incorporating efficient operating procedures and practical counter-surveillance measures with effective decision and communication support mechanisms. We also pride ourselves on the ability to develop close relationships in order to support the links between operational and strategic levels and will advise and tailor the service accordingly. This approach is proven and ensures success of a close protection operation, should an adverse situation develop.

Whether this involves the discreet protection of a high-profile company or asset, assembly or the personal protection of a senior manager, ISS consultants can provide pre-deployment and onsite security briefings for staff and their families. ISS will supply specific security advice in response to surveys or threats and specialist close protection cover and training for those staff who may be at particular risk due to their profile.

The specified close protection operators have extensive knowledge in providing close protection services to Royalty, Heads-of-State, Government Officials, Corporate Executives and recognised celebrities, and without exception, have all served with UK Special Forces or other Government Agencies such as the UK Special Branch and the Royal Military Police. Our ISS Operators, therefore, have substantial wealth of practical knowledge in the actual management of security incidents and terrorist attacks in locations worldwide.
